HOW YOUR DASHBOARD WORKS

Turning Raw Numbers into Clear Decisions

DESIGNED FOR:

Founders, Managers, and Operations Teams

THE CHALLENGE: TOO MANY NUMBERS!

Making sense of business performance can be overwhelming.

THE PROBLEM

Raw data from different systems is scattered, confusing, and hard to act on in real-time. It's easy to miss what truly matters.

THE SOLUTION

A smart dashboard system that simplifies everything. It collects, calculates, and compares data so you don't have to.

STAGE 1: THE FACTS

Where all the important information begins.

SALESFORCE

Your customer and sales funnel data (prospects, applications, etc.)

GA4 & ADS

Website traffic and ad performance (clicks, visitors)

PINGDOM

How healthy and fast your website is running

GOALPOSTS

Custom goals and targets from Google Sheets

STAGE 2: THE MESSENGER

Bringing all the facts together seamlessly.

SOURCES

→

ZAPIER

Acts like a reliable courier. It collects raw numbers from all your systems and securely delivers them to the app.

THE APP

→

Analogy: *Imagine a postma* *entral office.*

STAGE 3: THE BRAIN

Where the magic happens: Storing, Calculating, Comparing.

FILING CABINET

Safely stores all the raw data it receives from your various systems for historical tracking.

SMART CALCULATOR

Performs complex calculations like conversion rates and health metrics automatically.

COMPARISON ENGINE

Checks your real-time results against your set targets to see if you are on track.

UPDATE FORMULAS IN ONE PLACE, INSIDE THE APP.

STAGE 4: THE REPORT CARD

Your simple, visual guide to performance.

HEALTHY

Everything is working well. Performance is meeting or exceeding your target benchmarks.

DRIFTING

Performance is slightly off-track. Needs attention to prevent falling below target.

BELOW TARGET

Immediate action required. Performance is significantly below your set goals.

KEY TAKEAWAYS

Turning complexity into clarity for your business.

NO MORE GUESSWORK

Raw data is automatically transformed into clear, easy-to-read signals. You no longer have to wonder how your business is performing.

ACTIONABLE INSIGHTS

Instantly identify what needs your focus. The dashboard highlights exactly where to spend your time for the biggest impact.

RELIABLE & CONSISTENT

Calculations are centralized in the app. If a formula changes, it's updated once, ensuring everyone sees the same accurate numbers.

EMPOWER YOUR DECISIONS

Make smarter choices faster. With real-time data at your fingertips, you can lead your team with confidence and precision.
